EDUCATION

Bachelor of Interaction Design
Queensland University of Technology

Kelvin Grove, QLD
Feb 2025 – Present

WORK EXPERIENCE

UX/UI Intern
Pixelz360

Bowen Hills
July 2026 – Present

- Designed and developed low-fidelity to high-fidelity website designs for clients, transforming initial concepts and requirements into user-focused digital experiences.
- Assisted in conducting client onboarding sessions to understand business goals, user needs, brand requirements, and project expectations, translating insights into effective design solutions.
- Collaborated with clients, developers, and internal teams throughout the design process to refine concepts, incorporate feedback, and ensure designs aligned with project objectives.
- Applied UX/UI principles including responsive design, visual hierarchy, typography, colour systems, and component design to create consistent and engaging digital experiences.
- Participated in website audits and quality reviews to identify usability, visual, and content improvements, supporting website optimisation and successful launch of final digital products.

Bilingual Community Assistant
MultiLink Community Services Inc.

Logan central, QLD
May 2024 – Present

- Designed and delivered community workshops, citizenship classes, and English language sessions, adapting content and learning experiences to meet the diverse literacy, language, cultural and digital needs of participants.
- Coordinated information sessions with external service providers, interpreting in Dari and Farsi and collaborating with stakeholders to communicate complex information in clear, accessible and engaging ways.
- Managed a caseload of 50+ clients through monthly check-ins, developing an understanding of diverse user needs and barriers to accessing services, and providing tailored support to help clients navigate services and build independence.
- Maintained accurate client records and produced regular reports, developing strong documentation, organisation, and attention-to-detail skills.

Research Assistant

The University of Queensland & QPASTT

St Lucia, QLD
Nov 2024 – Present

- Assisted in a research study on inclusive education in Queensland.
- Collected primary data using a research questionnaire, building research and analytical skills to inform decisions.
- Assisted in conducting qualitative data collection workshops, strengthening awareness of accessibility and diverse needs.

Peer Mentor
QPASTT

Woolloongabba, QLD
Apr 2023 – Sep 2023

- Led youth camps for groups of 15–20 teenagers, facilitating inclusive activities while developing strong leadership, communication and facilitation skills.
